	Valid from 01/06/2024	
	PREWIRED HEADCAPS	
	CLASSIC PREWIRED CAP	
64.100.83	Prewired headcap - large adult size (58-62 cm) blue - tin electrodes - 19 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	
64.100.84	Prewired headcap - medium adult size (54-58 cm) red - tin electrodes - 19 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	
64.100.85	Prewired headcap - small adult size (50-54 cm) yellow - tin electrodes - 19 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	
64.100.86	Prewired headcap - extrasmall adult size (46-50 cm) green - tin electrodes - 19 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	
64.100.87	Prewired headcap - large infant size (42-46 cm) light blue - tin electrodes - 19 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	
64.100.88	Prewired headcap - medium infant size (38-42 cm) pink - tin electrodes - 9 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	
64.100.89	Prewired headcap - small infant size (34-38 cm) brown - tin electrodes - 9 + GND - SUB-D 25pole din multiconnector (1pack=1cap)	<i>y</i>
	Other versions available on request	
	EAR ELECTRODES - USABLE AS A REFERENCE ELECTRODE	
64.116.02	AgAgCl ear electrode, 100cm long leadwire and 1,5mm touch proof connector (1pack=2pieces)	
	Other versions available on request	
	BODY HARNESSES	
64.111.01	120cm long body harness, equipped with automatic clip for fast hooking with headcap ties (1pack=1piece)	
64.111.02	95cm long body harness, equipped with automatic clip for fast hooking with headcap ties (1pack=1piece)	
64.111.03	70cm long body harness, equipped with automatic clip for fast hooking with headcap ties (1pack=1piece)	9 9
64.111.05	40cm long body harness, pediatric version, equipped with automatic clip for fast hooking with headcap ties (1pack=1piece)	
	CHIN HOLDERS	
64.100.96	Couple of bands for a soft chin holder, adult version	
64.100.97	Couple of bands for a soft chin holder, pediatric version	
64.100.98	Couple of bands for a soft chin holder, neonatal version	
64.118.14	Bridge electrode covering set (1pk=1Ring Holder,100 Fastening Rings,100 Discs)	
	Other versions available on request	
	ELECTRODE BOARD ADAPTERS	
64.112.05	Electrode board adapter connection leadwire for electrodes cap 20 channels with 1,5mm touch proof connector (1pack=1piece)	
64.112.06	Electrode board adapter connection leadwire for electrodes cap 21 channels with 1,5mm touch proof connector (1pack=1piece)	
	Other versions available on request	
	HEADCAPS	
	EMERGENCY LEADWIRES	
64.113.06	Emergency electrode for prewired cap - 120 cm - with 1,5mm touch proof connector (1pack=1piece)	Λ
	Other versions available on request	
	OTHER ACCESSORIES	
64.115.03	Adhesive sponge rings for Classic prewired cap (64.100.83-64.100.89) and for prewired cap with moulded and interchangeable electrodes (64.100.07-64.100.13)	0000
	(1pack=50pieces)	
64.115.05	Brush for electrode cleaning (1pack=25pieces)

NEUROPHISIOLOGY

64.122.21 Stamped gold plated 6mm pediatric cup electrode, 250cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)

EF IVIEUICA		
	Valid from 01/06/2024	
	PTS HEADCAPS	
64.100.82	PTS Headcap with 2 bands with adjustable soft chin holder - adult size - large (1pack=1piece)	
64.100.99	PTS Headcap with 4 bands with adjustable soft chin holder - adult size - large (1pack=1piece)	
64.100.76	PTS Headcap with 2 bands with adjustable soft chin holder - adult size - small (1pack=1piece)	
64.100.79	PTS Headcap with 4 bands with adjustable soft chin holder - adult size - small (1pack=1piece)	
64.100.75	PTS Headcap with 2 bands with adjustable soft chin holder - paediatric size (1pack=1piece)	
64.100.78	PTS Headcap with 4 bands with adjustable soft chin holder - paediatric size (1pack=1piece)	
64.100.77	PTS Headcap with 2 bands with adjustable soft chin holder - paediatric/thin size (1pack=1piece)	
64.100.80	PTS Headcap with 4 bands with adjustable soft chin holder - paediatric/thin size (1pack=1piece)	
64.100.90	PTS Headcap with 1 band with adjustable soft chin holder - neonatal/thin size (1pack=1piece)	
	Other versions available on request	
	BRIDGE ELECTRODES	
	BRIDGE ELECTRODES	
64.117.07	Adult sintered silver/silver chloride bridge electrode with gold plated screw to avoid oxidation - red (1pack=10pieces)	- 0 - 9
64.117.08	Adult sintered silver/silver chloride bridge electrode with gold plated screw to avoid oxidation - blue (1pack=10pieces)	
64.117.09	Paediatric sintered silver/silver chloride bridge electrode with gold plated screw to avoid oxidation - yellow (1pack=10pieces)	
	Other versions available on request	
	CONNECTION LEADWIRES	
64.119.02	120cm long connection lead wire (10 colours) with 2mm spring plug one side and 1,5mm touchproof connector other side (1pack=10pieces)	====
64.119.05	120cm long connection lead wire (10 colours) with insulated alligator clip one side and 1,5mm touch proof connector other side (1pack=10pieces)	
	Other versions available on request	2 -
	CUP ELECTRODES	
	REUSABLE MOULDED CUP ELECTRODES	
64.120.14	Stamped AgAgCl 10mm cup electrode, moulded connection, 100cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.120.05	Stamped AgAgCl 10mm cup electrode, moulded connection, 150cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.120.09	Stamped AgAgCl 10mm cup electrode, moulded connection, 250cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	00
64.122.14	Stamped gold plated 10mm cup electrode, moulded connection, 100cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.122.05	Stamped gold plated 10mm cup electrode, moulded connection, 150cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	000
64.122.09	Stamped gold plated 10mm cup electrode, moulded connection, 250cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
	Other versions available on request	
	PEDIATRIC CUP ELECTRODES	
64.129.14	Stamped AgAgCl 6mm pediatric cup electrode, 100cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.129.05	Stamped AgAgCl 6mm pediatric cup electrode, 150cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.129.09	Stamped AgAgCl 6mm pediatric cup electrode, 250cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.122.18	Stamped gold plated 6mm pediatric cup electrode, 100cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)	
64.122.19	Stamped gold plated 6mm pediatric cup electrode, 150cm long lead wire (10colours) and 1,5mm touch proof connector (1pack=10pieces)

NEEDLE ELECTRODES

SUBDERMAL NEEDLE ELECTRODES

- 64.141.18 Disposable moulded subdermal needle electrode, diam.0,40(27G)x13mm with 100cm long leadwire (5 colors) and 1,5mm touchproof connector (1pack=24needles) 64.143.07 Disposable moulded subdermal needle electrode, diam.0,40(27G)x13mm with 150cm long leadwire (5 colors) and 1,5mm touchproof connector (1pack=24needles)
- 64.141.20 Disposable moulded subdermal needle electrode, diam.0,40(27G)x13mm with 250cm long leadwire (5 colors) and 1,5mm touchproof connector (1pack=24needles)
- Disposable moulded subdermal needle electrode, diam.0,35(28G)x12mm with 8cm long leadwire (white) and 1mm plug (1pack=250needles) 64.141.01
- 64.141.21 Disposable moulded subdermal needle electrode, diam.0,35(28G)x18mm with 8cm long leadwire (white) and 1mm plug (1pack=250needles) 64.141.23 Disposable moulded subdermal hook needle electrode, diam.0,40(27G)x13mm with 100cm leadwire and 1,5mm touchproof connector (1pack=24needles)
- 64.141.24 Disposable moulded subdermal hook needle electrode, diam.0,40(27G)x13mm with 150cm leadwire and 1,5mm touchproof connector (1pack=24needles)
- 64.141.25 Disposable moulded subdermal hook needle electrode, diam.0,40(27G)x13mm with 250cm leadwire and 1,5mm touchproof connector (1pack=24needles)

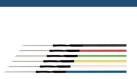

TWISTED SUBDERMAL NEEDLE ELECTRODES

- Disposable twisted subdermal monopolar needle electrodes diam. 0,40(27G)x13mm with 2 100cm leadwires and 1,5mm touchproof connector (1pack=20set) 64.143.08
- Disposable twisted subdermal monopolar needle electrodes diam. 0,40(27G)x13mm with 2 150cm leadwires and 1,5mm touchproof connector (1pack=20set)
- 64.143.10 Disposable twisted subdermal monopolar needle electrodes diam. 0,40(27G)x13mm with 2 250cm leadwires and 1,5mm touchproof connector (1pack=20set)
- 64.143.11 Disposable twisted subdermal monopolar needle electrodes diam. 0,40(27G)x13mm with 3 100cm leadwires and 1,5mm touchproof connector (1pack=10set)
- 64.143.14 Disposable twisted subdermal monopolar needle electrodes diam. 0,40(27G)x13mm with 3 150cm leadwires and 1,5mm touchproof connector (1pack=10set)
- 64.143.17 Disposable twisted subdermal monopolar needle electrodes diam. 0,40(27G)x13mm with 3 250cm leadwires and 1,5mm touchproof connector (1pack=10set)

SPIRAL NEEDLE ELECTRODES

- 64.143.20 Disposable spiral needle electrodes, with 100cm leadwire and 1,5 touchproof connector (1pack=24needles)
- 64.143.21 Disposable spiral needle electrodes, with 150cm leadwire and 1,5 touchproof connector (1pack=24needles)
- 64.143.22 Disposable spiral needle electrodes, with 250cm leadwire and 1,5 touchproof connector (1pack=24needles)

	NERVE CONDUCTION STUDIES	
	NERVE CONDUCTION STODIES	
	BIPOLAR SURFACE STIMULATION ELECTRODES	
65.118.03	Bipolar stimulation electrode, 25mm interelectrode distance, 150cm shielded leadwire and 1,5mm touchproof connectors (1pack=1piece)	
65.118.04	Bipolar stimulation electrode, 25mm interelectrode distance, 150cm shielded leadwire and 5pole DIN45322 connector (1pack=1piece)	⊢#`∟Æ
65.118.05	Bipolar stimulation electrode, 10mm interelectrode distance, 150cm shielded leadwire and 1,5mm touchproof connectors (1pack=1piece)	
65.118.06	Bipolar stimulation electrode, 10mm interelectrode distance, 150cm shielded leadwire and 5pole DIN45322 connector (1pack=1piece)	9
	RECORDING BAR ELECTRODES	
66.117.11	Recording bar electrode, 25mm interelectrode distance, 150cm shielded leadwire and 1,5mm touchproof connectors (1pack=1piece)	
66.117.08	Recording bar electrode, 25mm interelectrode distance, 150cm shielded leadwire and 5pole DIN4522 connector (1pack=1piece)	
66.117.17	Recording bar electrode, 40mm interelectrode distance, 150cm shielded leadwire and 1,5mm touchproof connector (1pack=1piece)	_ 7 1
66.117.14	Recording bar electrode, 40mm interelectrode distance, 150cm shielded leadwire and 5pole DIN4522 connector (1pack=1piece)	\ \
	BIPOLAR BAR STIMULATION ELECTRODES	
65.115.03	Bipolar bar stimulation electrode, 30mm interelectrode distance, 100cm leadwire and 1,5mm touchproof connectors (1pack=1piece)	
65.115.04	Bipolar bar stimulation electrode, 30mm interelectrode distance, 100cm shielded leadwire and 5pole DIN45322 connector (1pack=1piece)	
65.115.05	Bipolar bar stimulation electrode, with rubber band grip, 30mm interelectrode distance, 100cm leadwire and 1,5mm touchproof connectors (1pack=1piece)	
65.115.06	Bipolar bar stimulation electrode, with rubber band grip, 30mm interelectrode distance, 100cm shielded leadwire and 5pole DIN45322 connector (1pack=1piece)	
	DISK ELECTRODES	
65.118.22	Couple of disk electrodes diam. 10mm gold plated with 100cm leadwire and 1,5mm touchproof connector (1pack=1piece)	
	Other versions available on request	
	RING ELECTRODES	
65.114.11	Pair of stainless steel spring ring electrodes with 100cm leadwire and 1,5mm touchproof connectors (1pack=1pair)	
65.114.10	Pair of stainless steel spring ring electrodes with 100cm shielded leadwire and 5pole DIN45322 connector (1pack=1pair)	
65.114.14	Pair of thin stainless steel spring ring electrodes with 100cm leadwire and 1,5mm touchproof connectors (1pack=1paire)	
65.114.15	Pair of thin stainless steel spring ring electrodes with 100cm shielded leadwire and 5pole DIN45322 connector (1pack=1pair)	
	CONNECTION SYSTEM	
65.114.06	A pair of stainless steel rings electrodes moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	
65.114.07	A pair of stainless steel tin rings electrodes moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	1
65.114.08	A pair of AgAgCl flat electrodes moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	
65.114.03	A pair of AgAgCl disc electrodes moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	
	A pair of 1mm sockets moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	
65.114.09	A pair of stud adapters moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	2011011
65.114.05	A pair of insulated alligator clips moulded in a bipolar socket to fit the EMG needle cable (1pack=1piece)	
65.111.11	100cm extraflexible connection leadwire for concentric connection and 5-pole DIN45322 connector (1pack=1piece)	
03:111:11	Other versions available on request	
	GROUND ELECTRODES AND ADAPTERS	
	GROOND ELECTRODES AND ADAPTERS	
	GROUND BAND ELECTRODES	
65.117.01	2,5x25cm long conductive elastic ground band electrode with press stud connection and connection leadwire with 1,5mm touch proof connector (1pack=1piece)	_
65.117.02	2,5x40cm long conductive elastic ground band electrode with press stud connection and connection leadwire with 1,5mm touch proof connector (1pack=1piece)	
65.117.03	2,5x70cm long conductive elastic ground band electrode with press stud connection and connection leadwire with 1,5mm touch proof connector (1pack=1piece)	
	Other versions available on request	
	DIFFERENT ACCESSORIES	
60.113.27	Jumper leadwire 12cm with 1,5mm touchproof connector (1pack=5pieces)	-
